CONOVER PIANO

The Cable Company Chicago, Ill.

Gentlemen: I take great pleasure in attesting the splendid merits of the Conover piano which has recently been installed in my choir hall. You can appreciate how important it is for my choristers to rehearse to a cantable tone. The sustaining, singing tone quality of the Conover is perfectly suited to the unusual demands which we make on a piano. After a few reheareals with the Conover I began to notice the freedom of vocalization which it assists. Candidly, I am delighted with the choice we have made. Incidentally, your Conover graces any room.
